Professional Summary

Senior QA Engineer with over 9+ years of experience in software testing within Agile environments. ISTQB certified with strong expertise in manual testing, API testing, SQL data validation, and defect lifecycle management. Proven experience working with cross-functional teams to ensure software quality across multiple platforms. Knowledge of test automation using Selenium and RAFT frameworks. Highly adaptable, detail-oriented, and committed to delivering high-quality products.

Technical Skills

Testing: Functional Testing, Regression Testing, Smoke Testing, System Testing, UAT, Integration Testing, API Testing, Black Box Testing

Automation: Selenium, RAFT, TestNG, Maven, UiMap, Cypress

Databases: SQL Server, Oracle, Sybase

Tools: Jira, Xray, Azure DevOps, Octane, qTest, Bugzilla, TestLink, Postman, Git, Confluence, JMeter, Vi, Sublime, Meld

Programming: Python (basic), SQL,

Methodologies: Agile, Scrum, Kanban

Other: Test Case Design, Defect Tracking, Test Execution, Test Planning, Environment Validation

Professional Experience

Senior QA Tester — Bizpro | Mar 2024 – April 2026

- Performed functional, regression, smoke, and UAT testing for enterprise applications.
- Designed and executed test cases based on business requirements and Jira documentation.
- Conducted API testing using Postman to validate service responses and integrations.
- Executed SQL queries for backend data validation in SQL Server.
- Managed defect lifecycle using Jira and Xray ensuring traceability across releases.
- Developed and maintained automated scripts using RAFT and UiMap with Java.

Senior QA Tester — Ready | Jun 2022 – Dec 2023

- Executed end-to-end testing including integration and regression testing cycles.
- Validated UI implementations against Figma designs and functional specifications.
- Performed database validation using SQL Server and Oracle queries.
- Collaborated with developers and product teams in Agile ceremonies.
- Managed test artifacts and defects using Azure DevOps and Jira.

Senior QA Tester — GoNet | Jul 2021 – Jun 2023

- Conducted functional testing for financial applications related to electronic transfers.
- Participated in testing initiatives for SPEI, SPID, GBS, and CEP services.
- Developed and maintained automated scripts using Cypress.
- Executed SQL validations and backend testing processes.
- Trained team members on testing processes and tools.

Senior QA Tester — Praxis | Jul 2018 – Jul 2021

- Performed functional, integration, and regression testing across multiple projects.

- Created and maintained automated scripts using Selenium and Java.
- Configured automation environments and supported CI testing processes.
- Executed database validation using SQL Server, Oracle, and Sybase.
- Provided training for testing teams in financial systems projects.
- Managed environments using WebLogic, JBoss, and WebSphere servers.

QA Tester Jr — Dydesa | Jan 2016 – Jul 2017

- Performed manual functional and non-functional testing including performance testing.
- Designed test cases from user stories and requirements documentation.
- Validated UI behavior and application workflows.

Education

Computer Systems Engineering — Instituto Tecnológico de Acapulco | 2009 – 2015

Certifications

- ISTQB Foundation Level — iSQI
- Scrum Fundamentals Certified — ScrumStudy
- Kanban Essentials Professional — CertiProf
- Remote Work and Virtual Collaboration — CertiProf

Languages

Spanish — Native

English — B2
